### **ASX Announcement – Request for extension of voluntary suspension**

---

On 17 September 2015, Novarise Renewable Resources International Ltd (the Company) applied for and was granted by ASX a suspension of the quotation of the ordinary securities of the Company. As noted in the request for suspension released on ASX on that date, the suspension was sought because Novarise's auditor had raised a number of material matters with respect to its audit of the Company's annual financial report for the year ended 31 December 2014 that the directors of the Company need to resolve with the auditor.

On the 15 September the Company announced to the market that it has received a preliminary, incomplete and non-binding proposal for the privatisation of Novarise from its controlling shareholders, Great Rises International Investment Ltd, Great Rises New Resources Technology Co., Ltd and Great Rises International Group Investment Ltd (together, GRIL). The Privatisation Proposal is to privatise through a selective reduction of capital involving the cancellation of all shares in Novarise other than those held at the relevant record date by GRIL and its associates (Privatisation Proposal). Under the Privatisation Proposal, the proposed consideration for the cancellation of the shares in Novarise held by all shareholders other than GRIL and all their associates is \$0.16 cash per share. If the Privatisation is implemented, Novarise will be delisted from ASX.

The Privatisation Proposal is subject to, among others, the finalisation of a formal and binding implementation and funding agreement by GRIL and Novarise; the necessary approvals of the relevant shareholders of Novarise to the Privatisation Proposal; the necessary consents and approvals from ASIC and ASX; and an independent expert forming an opinion that the Privatisation Proposal is fair and reasonable to the relevant shareholders of Novarise. However, there is no certainty that the Privatisation Proposal, or any transaction, will proceed. Shareholders should also refer to Novarise's announcement of 15 September for a detailed description of the Privatisation Proposal.
